

Restriction of Solo, Duo and Group Stunt Entries

Over the last few seasons we have seen our competitions get bigger and on many occasions sell out. There are only a certain number of performances that we can fit in to a day without crowding or affecting the great atmosphere ICC competitions are known for. After consulting with coaches we have agreed that restricting the number of solo, duo, duet and group stunt entries is a fair way to ensure as many teams as possible are able to enter.

For each cheer or dance team you can enter a certain number of solos, duos or group stunts. If the team you enter is cheer then the solo, duo or group stunt must also be cheer (not dance). If you enter a dance team the solo or duet must be dance.

Event	No of solos, duos or GS per team
